A screenshot of a Windows window titled "Программа установки TeX Live". The window contains a list of installation progress messages. The messages show the installation of various packages to the directory D:/texlive/2025. The packages listed include hyphen-base, kpathsea, luatex, texlive-scripts, texlive.infra, t1perl.windows, 12many, 2up, a0poster, a2ping, and a2ping.windows. Each message includes the package name, its size, and the time taken for installation. The window has standard Windows window controls (minimize, maximize, close) in the top right corner.
